

Join us in celebrating
25 years of the Green Flag Award
by planting a **FREE** Silver Birch Tree

We're celebrating the 25th Anniversary of the Green Flag Awards
by teaming up with Van den Berk Nurseries

VAN DEN BERK
NURSERIES

Together, we are offering every Green Flag Award winning park in Europe a free Silver Birch tree, to be planted with a special commemorative plaque.

The plaque and tree will showcase the long history of the Award, and highlight your park's success in meeting the international standard for parks and green spaces year after year.

To claim your free tree, simply place an order for trees with Van den Berk, and quote your Green Flag Award winning park.

Van den Berk will then include a Silver Birch in a size that corresponds with 5% of the value of the order. The minimum order value to receive a tree is €2,500.

Plaques will be distributed directly by the Green Flag Award team.

You can claim your free tree right up until the end of 2021.

About Van den Berk Nurseries

Van den Berk Nurseries specialises in medium to very large sized trees, shrubs and rhododendrons. With around 450 hectares and a range that encompasses more than 1600 species and cultivars, it is one of the largest nurseries in Europe.

The trees end up in assorted locations such as city centres, business premises, parks and private gardens across 35 countries. This process involves Van den Berks team working closely with landscape architects and contractors, project developers, greenery managers, garden designers and gardeners, enabling them jointly to complete the most successful greenery projects.
